### **About us:**

**Teza** Doors is a family-owned company with nationwide market leadership. At Teza Doors we value our customers and want to ensure they have the best experience. Our mission is to provide service that will exceed our customers expectations. We offer door distribution for residential and commercial areas. Teza doors has years of experience in engineering and manufacturing doors.

Our company specializes in customized production of luxury doors for all living spaces. We take pride in engineering doors that have all the necessary qualities for any home.

We offer a variety to choose from including Multi-sliding, French and Bi-fold Doors. Our hardware and selection of glass are made to ensure that the products have good environmental protection, durability and moisture resistance.
